Summary

Results-driven MERN Stack Web Developer with 2 years 4 months of hands-on experience delivering 25+ production projects, including 12 built with Next.js, 3 with Vite.js, 3 with plain HTML/CSS/JS, and 12 with PHP. Skilled in designing and developing responsive, scalable web applications and admin dashboards (role-based access, CRUD & SaaS). Proficient in TypeScript, JavaScript (ES6+), RESTful API integration, SSR/SEO optimization, and Agile/Scrum methodologies. Passionate about writing clean, maintainable code and collaborating effectively in product-focused, cross-functional teams.

Professional Experience

Junior Web Developer, Appac Mediatech Pvt. Ltd. GKNM Hospital Web Application	03/2024 – Present Coimbatore
- Engineered an SSR-based healthcare web application using Vite and Node.js, boosting SEO performance and page load speed, resulting in measurably better search engine visibility and user engagement. - Built dynamic dashboards and content-driven pages for Speciality, Blog, and News sections using server-side rendering (SSR), and worked with backend APIs and SQL queries to fetch and display content efficiently.	
CRM – Internal Work Management System	
- Developed scalable frontend modules for work tracking, client management, and reporting in PHP/Laravel, integrating RESTful APIs and Google Charts for real-time data visualization. - Connected to backend APIs and modified existing SQL queries to support business intelligence dashboards, enabling efficient data retrieval and accurate reporting for stakeholder decision-making.	
Izape – SaaS Product	
- Built reusable, scalable React.js components with Material UI (MUI), delivering pixel-perfect, responsive interfaces and interactive data visualization in a multi-tenant SaaS environment. - Integrated RESTful APIs connected to a PostgreSQL backend, resolved critical frontend performance issues, and ensured consistent application delivery across scalable cloud infrastructure.	

Education

MERN Stack Web Development, Edureka Learning Center	11/2023 – 02/2024
BSc Physics, Sri Ramakrishna College of Arts & Science, Coimbatore	06/2020 – 07/2023 Coimbatore

Technical Skills

Frontend React.js, Next.js, TypeScript, JavaScript (ES6+), Redux, Tailwind CSS, MUI (Material UI), shadcn/ui, GSAP, Vite	Backend Node.js, Express.js, PHP, Laravel, RESTful APIs
Tools & Practices Git, GitHub, Agile/Scrum, SSR, SEO Optimization, Performance Tuning	Exploring React Native, Python, Docker, Kotlin, NGINX
